Sir Robert Falconer, K.C.M.G., LL.D.,
University of Toronto,
TORONTO.

My dear Sir Robert,

Thank you very much for your letter of April 19th. Mr. Walton will be very gratified to have an article of about 1,250 words from you of the character you suggest. I well know the pressure of your public duties but can only say that Mr. Walton will be glad to have it as soon as you can find time to send it.

You are probably aware from the press that the Government of Canada has arranged to grant a credit of $25,000,000 to each of the Governments of Greece and Roumania for the purchase of urgently required foodstuffs, raw materials and manufactured goods to be produced in Canada. The negotiations leading to these arrangements brought the Government of Canada into very intimate relations with the Governments of Eastern European countries and Sir Robert Borden's chairmanship of the Peace Conference Committee on Greek claims has advanced this intimacy. I only say this to you to draw to your attention what may not be so apparent to those at home, how real is the interest of Canada in foreign relations.

With kind regards and warmest thanks,
Believe me,
Yours faithfully,

Chas. Armstrong
Captain.
